[REDACTED] [REDACTED] 8:15 AM
Don't know

[REDACTED] [REDACTED] 8:34 AM
Did not invite him but he asked which means he still has access to my calendar

When I am gone [REDACTED] would like number of fires in north region for day before. Just to help us out if we need it.

That includes Sierra. I need to vent later about my 1930-2000 call last night

[REDACTED] [REDACTED] 10:01 AM
We're here for ya

[REDACTED] [REDACTED] 10:02 AM
How about golf. Do we have six? Or should we go for 4? [REDACTED] had some other requests. Any ringers [REDACTED] beside you

[REDACTED] [REDACTED] 10:03 AM
Just tell me if you want me to reach out to a few ringers and I will

[REDACTED] [REDACTED] 10:04 AM
[REDACTED] gave me 6 so I figured you, [REDACTED] and me, and ringer or two or we add another PSS? Just need names

While I realize the Bay Area folks should not have an issue with this. Some of our OES folks are on significant fires (Lassen & Plumas) and some are on IMT teams. With a short turnaround and now they want us to throw down our OES folks if they done complete a PGE assignment seems like a recipe for failure. Best case scenario is we piss off our OES folks.

[REDACTED] [REDACTED] 11:03 AM
Yes we do. Why do you think I brought up the date. CPUC issue. Remind them CPUC

[REDACTED] [REDACTED] 11:04 AM
Also, [REDACTED] is primary on this and will get the invite to read slides with [REDACTED]

[REDACTED] 11:12 AM
Uh, uh, oh yeah!

[REDACTED] 11:12 AM
Think DLT was supposed to send out

[REDACTED] 11:15 AM
Wow...that was a classic PG&E conference call. So dynamic!

[REDACTED] 2:42 PM
I think I already know the answer. Did your friend send you back, from you request, the lesson plan/agenda for next weeks classes???

[REDACTED] 3:22 PM
Nope

[REDACTED] 6:51 PM
This is ridiculous...I've received 3 phone calls from the HAWC supervisors on this Dixie Fire north of the Cresta Dam stating that executive is absolutely freaking out over this Dixie Fire. I told them if we're not freaked out, they shouldn't be freaked out! Oh, and rarely do we ever get freaked out! 🍀

[REDACTED] 7:02 PM
Yea. I told [REDACTED] you were all over it with [REDACTED]
